

DISABILITY

S E R V I C E

WELCOME to the University of Cape Town.

We look forward to working with you during your time at UCT.

The University is committed to working towards the creation of a discrimination free and inclusive environment which encourages disabled students' full, independent and effective participation in the mainstream of UCT life. We work together with students and staff to facilitate the removal of barriers facing disabled students and staff.

Some examples of **OUR WORK** include:

- Advocacy and counselling on disability issues
- Support in transforming attitudinal barriers that may be encountered
- Access to inaccessible venues and Designated disabled parking
- Access to lecture and study material in alternative format for people with sensory impairments
- Fully accessible transport between Residences and lectures
- Accessible residential accommodation
- **RESOURCE CENTRE:** literature and material related to disability studies and disability research
- Facilitation of extra time applications and/or other accommodations around exams for students with disabilities
