

University of Cape Town Lung Institute CENTRE FOR LUNG INFECTION AND IMMUNITY

RESEARCH MEDICAL OFFICER (PART-TIME)

The **Centre for Lung Infection and Immunity**, based at the University of Cape Town Lung Institute (www.lunginstitute.co.za) require applications for a **MEDICAL OFFICER*** on a **Fixed Term Contract**.

The Research Medical Officer will use medical expertise to provide clinical services to TB/ HIV patients enrolled onto clinical trials being conducted by the Centre for Lung Infection & Immunity. In addition, he/she will serve as project officer or program official, working with grant- and contract-funded researchers to design or direct clinical investigations and trials for the treatment of patients.

Requirements:

- MBChB degree with research experience
- Registration with the Health Professions Council of South Africa (HPCSA)
- Good management skills
- Computing skills appropriate for medical research
- Verbal, written and reading fluency in English
- Excellent Organisational and logistical skills
- Ability to work independently, as well as within a dynamic team

The following will be advantageous:

- Previous research or clinical research experience
- Knowledge about TB and respiratory infections
- Availability to travel locally and internationally for site initiation and monitoring visits
- Fluency in Afrikaans and/or isiXhosa
- Good Clinical Practice Certificate

The successful candidate will have the following major responsibilities:

- Recruitment and follow up of study participants in accordance with Good Clinical Practice
- Clinical evaluation of patients and patient safety management (reviewing adverse events and serious adverse events)
- Phlebotomy and transport of blood specimens to the laboratory from the clinical site may be occasionally required.
- Maintenance, cross-checking (QC) and entry of accurate data at clinical site
- Liaise closely and maintain effective communication with the project coordinator and the Principal Investigator.
- Keeping an up-to-date register of all studies detailing timelines for reporting to Funder, ethics renewals and recruitment status.
- Submitting research studies for regulatory approvals
- Management, supervision, and teaching of clinical research staff as required by the project
- There will be an opportunity to be involved in publications and a special program can be tailored for those wishing to pursue a master's or PhD (only if appropriate and this is not a job requirement)

Additional Information:

- This position will be based between the Old Main Building, Groote Schuur Hospital, and the University of Cape Town Lung Institute, in Mowbray Cape Town
- 6 months Fixed Term Contract
- Working Hours: 20 hours per week, Monday to Friday

To apply, interested applicants are requested to [click here](#) to complete the online application process with a cover letter and updated CV with the names and numbers of at least two contactable referees.

Closing Date: 30 May 2025

Only shortlisted candidates will be contacted. Should you not receive a response within 30 days of the closing date, please consider your application unsuccessful.

The University of Cape Town Lung Institute is committed to equity in our employment practices and reserves the right not to appoint. The selection process will be guided by the Employment Equity Plan and Targets of the University of Cape Town Lung Institute (Pty) Ltd.

***Please Note: This Position is not on UCT Conditions of Service.**
